

Children with OCD: Identifying Acceptable Support Strategies for Parents
(This study was given ethical approval by West of Scotland Research Ethics Committee 3 on
16/10/2020 (Ethics Ref no: 20/WS/0131))

Would you like to take part in an online workshop to help develop better support for parents of children with obsessive-compulsive disorder (OCD)?

We are looking for:

- **Parents/carers* (including mothers & fathers) of children with OCD age 8-18 who live in the UK**
- **Professionals working in the UK in any setting (e.g. health, education, third sector) who support children with OCD age 8-18**

This 2 ½ hour online workshop will take place entirely online (guidance will be given) 26/10/2021 10:00-12:30

To request a study information sheet or for further details, please contact our study researcher:
